we are most concerned with peace on earth"***

(Murshid SAM)

Join us on Murshid SAM's 47th Urs, Monday, January 15th (Martin Luther King Day) for an international telecon furthering community and peace in action through the Walks and Dances of Universal Peace with our guest speakers, Halima and Abraham Sussman. They are original students of Murshid SAM and senior mentor teachers of the Walks, Dances, and Heart Awakening.

They will share stories and teachings drawn from their experience with Murshid SAM and their many years of traveling worldwide teaching embodied universal Heart wisdom through the Dances. Halima and Abraham's experiences are inspiring, their knowledge practical and deep, their devotion to the message of love, harmony and beauty purposeful and dynamic. They will also share a preview of the upcoming 50th anniversary celebration of the Dances that will happen in the form of a multi circle *Global Peace Dance* held in June 2018!

The telecon, scheduled for one hour, will follow the usual format of giving the

speakers about 40 minutes to talk and then we will open up the call for questions and discussion.
